*We need to talk!*

*The yard is officially full!*

*So what about:*

- Summer boat storage in the yard!?
- Late payment of fees!?

*Got your attention now! ☺*

***Perhaps amendments to the Constitution and to our Yard Rules are necessary! Let's hear your views - come to the AGM on November 18!***

Commodore's Report

Another boating season has come and gone and for the second year in a row it was a generally cool and wet one with the best weather occurring close to haul-out. I was happy to note that the haul-outs were completed in a safe manner.

October 23<sup>rd</sup> saw a large turnout for the fall yard clean-up with all docks being lifted, moorings gradually being winterized and a thorough clean-up of the brush around the yard. I want to thank all the volunteers for a job well done. One individual was even having such a good time that he decided to take a break and go for a leisurely swim.

This year saw two major projects advancing. The Sailing School steadily moves closer to its goal and hopefully next season will see a full fledged school operating. Meanwhile, we finally received the go-ahead from the government to proceed with the Douglas Harbour project. The committee immediately launched into full steam ahead despite the lateness of the season and we should see some major changes by next spring.

As this is my final message as Commodore, I wish to take this opportunity to thank all those who made my job easier and made the Club a better place. In addition to the executive who never let up and tackled their duties with enthusiasm and dedication, I want to commend all those behind the scenes who volunteered their time on committees or assisted when asked. Some of you have certainly gone "above and beyond". Without you we would not be able to exist. It's the membership that makes the club as great as it is and I hope to see even more people become involved in one way or another. Thanks for a great year!

*Annual General Meeting.*

November 18!
